Abu Ghraib: Muslims want to kill us and we retaliated by threatening to burn Qurans. And we are the evil ones.

The one group that was hurt the most by inflation is seniors because they are on a fixed income. When prices doubled over the Biden years, Social Security went up 15%. Why are these Liberal's protesting when Biden destroyed them?

Looks like Trump will probably suffer defeat on the tariffs as I've told you. The Constitution says: "Congress gets to decide tariffs."

What happened in New Jersey? Generally running because: "I almost won the last time," is usually a bad reason. The last time you came out of nowhere and surprised them. This time they saw you coming and there was no surprise. That is how AOC won her primary. Eric Cantor was going to be House Speaker, but he was so busy running for Speaker, he lost his seat.

The State Department is going to start vetting visa applicants according to their potential for public charge, meaning they may rely on the government for benefits. In a nutshell, older people with no real money in their home country and none here, may be denied a visa because they come here, they get sick then go to our hospitals and we get stuck with the bill. I think this is a great thing.

Donald Trump is announcing great pricing on the weight loss drugs, because, we have an obesity problem in America.

Explaining the shutdown: Democrats vowed to starve as many food stamp recipients as it takes to get free health care for illegal immigrants.

Here is Trump in a nutshell: You either have the guy that makes 9 peace deals around the world or the guy that sounds very professional or elegant and doesn't do crap? You can't have them both.

I have not heard one Republican talk about Obamacare in terms of \$10,000 deductibles. \$10,000 deductible is not healthcare. It's an atrocity.

This week's poor innocent green card holder arrested, is a little more interesting. Back in 2016 she must have pled guilty to check charges and passing bad checks. My guess is she didn't report it immediately to immigration.

The fact is computer systems are much better now and they're picking this stuff up. If you had contact with the police you need to report it.

That is the law.

Trump should have a meeting between himself, Randy Fine, and Jared Moskowitz, both Florida Congressmen, to discuss the anti-Semitism problem in America.

No tax on tips which excludes \$25,000 of tips from income taxes does not apply to mandatory tips including a service charge for groups larger than six, which many restaurants add-in.

Man on the street interview?: Name two countries in North America? Responder: Europe
Man: Europe is not a country in North America.
Responder: This is really hard. Ask me a different one.
(This really happened).

Why do celebrities believe everything out of the mouth of Hamas? It is because they are used to creating fantasy in a movie or show and Hamas uses all the same traits: filming stuff that isn't real and showing it back, so people see a story that is not true. Celebrities believe it.

I told you on Thursday the deal was going to be made this week to end the government shut down. It should end today, maybe tomorrow.

Do not expect Chuck Schumer to go anywhere until 2026. You will notice no Senators are calling for his removal.

The Supreme Court is going to get rid of gay rights, according to the left. The court had the opportunity on Monday when they turned away a case that would have brought gay rights to the forefront of the court docket. It did not touch it, because this court does not have a desire to touch a person's right to be married. Tell that to the lefties protesting.

Why did they settle? Because everyone blamed Republicans for the shutdown, but now that the elections were over, the heat was going to the Democrats.

Notice how all the Senators that voted to end the shutdown were not up for re-election? The Democrats wanted to end the shut down. They needed people that would not be hurt by the vote.

SCOTUS agreed to hear a case this term on whether or not mail-in ballots that arrive after election day are valid. This could be a make or break for both parties.

It's weird that Democrats don't love Trump. He has five kids with three different baby mamas. Lives in government housing. Has an immigrant wife, and is a convicted felon.

Meme of the Week: Dear Black Friday: We all have big screen TV's. How about putting the groceries on sale.

Bonus Meme: Send down Family members not talking to each other? Want to get them talking? Send out a Christmas card with a child that nobody knows. They'll talk.
