

## **53% of Americans Believe the ICE Shooting was Unjustified**

If you grew up in the 1970s, you survived a childhood that would get parents arrested today.

Congratulations. You're also better adapted — but that's for another week.

In 2020, nearly **50% of Democrats said the unvaccinated should be sent to camps.**

Remember that next time they lecture you about "authoritarianism."

The Supreme Court ruled **7-2** that federal candidates can sue to challenge election rules, including late-arriving ballots. Stay tuned.

Reports say Russia is losing **20,000-25,000 soldiers per month** in Ukraine.

That's not a stalemate — that's a meat grinder.

This is why I don't like health-share plans:

The first paragraph always says, "We are under no obligation to pay any claims."

Translation: You're on your own — just with nicer language.

The Obamacare "fix" is being delayed — again — this time over abortion language.

They'll work through it. Expect another week or two.

Washington as usual.

The President signed a bill allowing **whole and 2% milk back in schools**, reversing an Obama-era ban.

I don't know about you, but whole milk goes great with Double-Stuffed Oreos.

For the history-challenged: A stone in the Cairo Museum dated **1205 BCE** mentions Israel.

This refers to the people of Israel. That's for everyone who thinks Israel began in 1948.

President Trump did national TV and local Minnesota interviews saying:

"If you don't want us picking people up in neighborhoods, let us pick them up in jail."

That's called prioritizing criminals — the media missed it.

A recent poll shows **53% of Americans Believe the ICE Shooting was Unjustified.**

That number exists because the administration rushed to judgment instead of saying, "We're investigating. We'll comment when it's complete."

Reports indicate **\$1.5 billion** has been moved out of Iran into Dubai.

That's not confidence — that's exit planning.

February is Valentine's Month.

If you love someone, refer them for insurance or Medicare help.

They'll love you forever. So will I.

I want to reiterate the reason so many Palestinians are dead. It is because of the worldwide protests. Hamas was willing to lose Palestinians to manufacture outrage. Look how many countries recognize Palestine. My point is the people protesting are the ones responsible for each and every death. October 7th would not have happened if it were not for the people protesting.

Wall Street Journal Poll says **92%** of people who voted for Trump in 2024 are giving him a positive job rating today, including **70%** who strongly approve.

The tide turns on Renee Goode supporters. Majority of Americans are upset at ICE. This week the tide turns because the anti-ICE protesters have gone crazy and are attacking American's in Minnesota, including in churches. Give them another week and they will be the bad guys.

In November 1979 the Iranian's stormed the US Embassy and took hostages. Now they storm the Palestinian embassy. How times change.

Can millions be wrong about Israel?

Two hundred years ago, scholars were unanimous that slavery was good.

Consensus has never been the same thing as truth.

What if ICE agents posed as blue haired libtards, driving illegals to safety, so the illegals would get in the van voluntarily?

What if ICE agents posed as blue haired libtards, driving illegals to safety, so the illegals would get in the van voluntarily?

### **Meme of Week:**

"I feel sorry for my husband. I told him I wanted nothing for our anniversary — and that's exactly what he got me."

### **Bonus Meme of the Week**

**Patient:** "Will I be okay, doctor?"

**Doctor:** "I doubt it. Mercury is in Uranus."

**Patient:** "I don't believe in astrology."

**Doctor:** "Neither do I — my thermometer just broke."
