

Israel and Hamas Agree 71,000 People Died

Israel does not have a Tomb of the Unknown Soldier, because every soldier—dead or alive—has to come home to the Land of Israel. The operation to find that last remaining person is something the world cannot understand, but it explains the Jewish heart. No-where in the world does a Jewish mother raise her son to grow up to be a suicide bomber. It would be nice if the Arab mothers felt the same.

When Biden was president, A full tank was \$100. Now that Trump is president, a full tank is \$65. Trump is causing me to lose money.

I don't know if this is what happened, but it appears the ICE agent took the gun from the Minneapolis man who was shot. Is it possible he said, "I have the gun," and no other ICE agent heard him because of the noise from all the protesters? Is it possible the protesters are the reason the man is dead? I don't know—but we do need to find out.

Maybe the actual civil war between red and blue will start with the juries. In Minneapolis and other blue states, it's going to be very tough to get a conviction. Therefore, in red states, they may convict people who should not be convicted. That is the beginning of the civil war.

The Palestinian Authority continues to pay martyrs under the "pay for slay" policy.

It was \$144 million in 2024, and they're increasing it to \$214 million in 2025.

Israel only supplies between 10% and 13% of the water for Gaza. While building the tunnels, Hamas forgot that you have to repair water lines—or they break.

Definition of Zionism: The right of Jews not to be slaughtered again.

I would be remiss not to remember **Mordechai Anielewicz** and the other fighters, including my Great-Uncle (Zurich), who held off the Nazi army for 28 days and showed that resistance can work—especially when you're going to die anyway.

That is real resistance, not these bullshit demonstrations.

New York City will sweep homeless encampments before a cold snap to get rid of the homeless. The new mayor decided this was not good policy, and therefore 15 people froze to death in the streets under this newer, gentler administration.

25% of all ICE arrests occur in Texas—and there are no riots.

What happened with Don Lemon? The Ninth Circuit Court of Appeals told the magistrate judge that he had no choice but to sign the **arrest warrant**. The real story is how liberal judges try to inject themselves into issues. Fortunately, the Supreme Court says no.

Here's why the two-week DHS extensions will not result in a government shutdown: The Trump administration would shutdown airports in a shutdown, which would immediately cripple the country. That hasn't happened, and that's why DHS will wind up with a compromise.

Israel accepts that 71,000 people died in Gaza during the war. 25,000 were terrorists. 5,000 were killed by Hamas and Islamic Jihad. 10,000 were natural deaths. That means 31,000 civilians died as a result of the war.

If you look at the second year of the war alone, the numbers are much lower. This knocks out all the genocide arguments and proves that the Israeli military is the most humane military in the world.

Why administrative warrants will win against illegal immigrants: the courts will probably rule they're similar to bail bondsmen. Bail agents don't need a warrant to enter the home of someone who is out on bail because due process has already occurred. It may take a year, but I think this will come down to a very strong court ruling.

RFK: Now we have 80% of the insurance industry agreeing to eliminate prior authorization for almost all procedures. When you go to the doctor, at the point of care—before you leave the office—you'll know whether your insurance card is going to pay for the procedure. This is really important, and the mainstream media is not covering it, as usual.

Lib: Don Lemon has a First Amendment right

Me: I am a journalist. I shoot someone in the street I videotaped it. Can I be held criminally liable?

Lib: Trump is bad.

40% of students at Stanford have a disability. This allows them to get a single room and other perks. This is what happens when the incentive structure is screwed up.
