There is a great video about Voter ID. Click this link to view it. You won't be sorry.

Democratic affordability commercial: Barack Obama: "Under Obamacare Premiums will drop by \$2,500 for a family. Deductibles will go down. And an \$8,000 deductible it's like having no insurance."

Today, People are paying \$2,000 a month, \$10,000 per person deductibles, and an \$8000 deductible it's like having no insurance."

Democrats: You can't afford them.

A Jewish dilemma: You hate Trump, but the Democrats want you dead. What do you do?

Why does Buc-ee's build in red states? The founder said, "Life's too short to try to build in places where people don't appreciate what you're bringing."

In the UK, there's a new brochure for Muslims: "Please don't rape our women. It's not nice."

This may be a little long. There was a man who constantly complained to God about his wife. According to him: "All she did was complain, and she may have looked frumpy too." God asked him what he wanted, and he said he wanted to be with a goddess. God said, "Okay, but then you have to become the kind of man a goddess would want." He promised God he would. He started paying more attention to his wife, asked if she wanted to go to dinner, and helped with the dishes. Lo and behold, she became a goddess to him. Sometimes the question is not, "Why has my partner changed?" It is, "How have I been loving the person beside me lately?"

Fentanyl deaths in the United States have dropped by 22% in one year.

An aide to Dr. Fauci, also an M.D., pleaded guilty to concealment of government records and faces years in jail. We will see if it builds a case against Fauci.

Now AOC is too centrist and mainstream for the DSA people. The left will continue to eat its own.

The woman who killed her children, now has liberal women out there supporting her. Men are starting to drop those women as girlfriends. The men say they need to trust their girlfriends' judgment. Very interesting.

Daughter: "Hey, Mom, who are you making heart hands to?"

Mother: "Oh, sweetheart, I'm showing my support for a mother who strangled her three children."

All liberals should go to prison: free food, free housing, no guns, universal health care, and, most importantly, same-sex relationships.

Love the clip: The WNBA commissioner says, "I'm not a biologist. How can I tell what a woman is?" The kid from Kindergarten Cop says, "Boys have a penis, and girls have a vagina."

The Gaza genocide is the biggest lie of the 21st century. Some organizations are now calling it the "Gaza Genolie."

Mazel tov on the wedding of former hostage Eliya Cohen and Ziv Abud, a survivor of Nova. It is a beautiful thing.

As I predicted, the Log Cabin Republicans, a gay conservative group, are dropping the T from LGBT, etc. Mainstream gays have to realize that the trans movement is killing them. Americans are turning against gay marriage because of the trans movement.

The FDA has approved a robot to draw blood in an outpatient setting. One phlebotomist can manage three robots. Think very carefully about your next profession, especially if you're young.

Social media makes it sound like the Supreme Court ruled in the ballroom-versus-Trump case. The only thing that happened is that the Chief Judge kept the stay in place while referring the matter to the full court. Then the decision will be made. Stop believing everything on social media.

Social media says Mamdani converted a sanitation garage into hundreds of affordable housing units. Reality: The project was first announced under Eric Adams, and nothing has been converted yet. But it's a great headline, with all the positive comments about how great Mamdani is.

I want to make something very simple: The police arrest someone, and then they get due process once they are in jail. I don't understand liberals yelling "due process" every time someone gets arrested.

I spent the day on social media asking two questions. First: You're the Prime Minister of Israel. There are 1,200 dead and 251 taken hostage, including your brother. What will you do? Not what won't you do—what will you do? Second: Explain universal health care to me. How does it work? I have not found a person yet who has answered either question.

Don't the people asking for universal health care realize we already have it? What do they think Obamacare is?

PTSD = "Pretty Tired of Stupid Democrats"

Why do people believe that nonprofit is cheaper? Have we seen the NGOs in Minnesota and all over the country? Government employees have huge pensions. Private enterprise has a financial reason to keep costs down. Government and NGOs do not.

Public service announcement: With all the scams going on, it's a good idea to freeze your credit report with the three credit reporting agencies. If you need to apply for a credit card or otherwise need credit, unfreeze it and immediately refreeze it after the request. This can save you a lot of identity theft issues.

Medicare works so well that it is scheduled to run out of money in 2033. And what do liberals want to do? Make it free for everybody. That means seniors will go from paying \$200 a month to paying \$800 a month or more.

Alexandra Lozano, the self-described immigration , "Miracle Lawyer." She has scammed 10,000+ people. It is all fraud. When clients think they're going to be deported, they call her. She steals their money and has a pink private jet, multimillion-dollar condos, and properties in Mexico.

These people are guaranteed to be victims and then deported.

There are a lot of posts about people not being able to afford a new house. Remember how we got here. Joe Biden said, "For three years, you don't have to pay rent." So real estate went from a safe investment to a speculative investment.

"All my friends are afraid of deportation because they watch the news." Funny ...

none of my friends are afraid of deportation from watching the news. What does your news tell you?

New York City announces a major construction project. The BQE expressway is in horrible shape. The mayor announces a project that will start in 2030. My question is: Why Does it start in 2030? The project will take 10 years. And knowing New York, God help anyone who has to go anywhere near that highway.

A sailor aboard the Abraham Lincoln is upset that his father is in ICE detention. Of course, his father entered the United States illegally. People confuse having a work permit with having entered legally. You can have a permit, but if you crossed the border illegally, you are illegal. That is what people do not understand. Remember, people can cross the border repeatedly, so if one of those crossings was illegal, everything you do afterward is illegal.

When you watch videos about prenups, they always miss one point. The party wanting the prenup generally has to provide the party with less assets, an attorney to explain everything. If you don't, the prenup is not worth the paper it's written on. Once you have your attorney, you can decide what you want to do. One other thing, and this is for the ladies: Stop calling into radio shows, podcasts, etc., to solve your problems. It's one of the reasons guys don't trust you.

Meme of the Week:

My family tree has so many nuts,

the squirrels have formed a homeowners association.

Bonus Meme of the Week:

My wife asked what I'd do if she left me?

Apparently, "I'd have to figure out where you put everything," was not the right answer.
